Forest Service Blanket Approval Granted for VNS 2

3D Nature is pleased to announce that effective immediately, Visual Nature Studio 2 has received an agency-wide purchase approval. VNS 2 is now the only landscape visualization application on the Forest Service approved list of software. This approval will make acquisition much easier for all of our Forest Service clients.

The Acquisition Authorization Number is IRM-05-000084.

Visual Nature Studio 2, the Forestry Wizard and 3D Nature's other landscape visualization tools are employed daily by the USFS, BLM, private industry, Landscape Architects and other users worldwide to deliver photorealistic visualization for public comment, government approval, client proposal and educational uses.

For more information or for a government price quote please contact our Sales Office at (303) 659-4028.

This item may be purchased by your local purchasing office. Purchases are subject to all Forest Service (FS) procurement and acquisition guidelines. This approval is granted for a competitive acquisition and all competitive procurement rules and regulations apply and is subject to the Federal Information Resources Management Regulations (FIRMR) whether accomplished by Forest Service contract or open market.

Please provide your local purchasing office a copy of this document. They will retain it as part of the documentation for the purchase.

The item you are purchasing is not fully supported by the End User Support Center (EUSC) or the Information Solutions Organization (IS). If you need support for this item, use the following approach:

- Contact the manufacturer of the item.
- Contact the vendor from who the item was purchased.
- Call EUSC—they may be able to help with common installation issues. They will make a reasonable effort to help you solve your problem; however, a resolution to your issue is not guaranteed.

There is no FS support available for standard operation/use issues. "How to" questions should be directed to the manufacturer or their technical support organization.

If you have any questions regarding this process or ordering procedures, click here <http://fsweb.wo.fs.fed.us/irm/contactus/index.php>.
